## NEWS AND VIEWS...

### And What Have You

By BOB CRAIG

Everybody seems to love auctions but a lot of us shy away from them because we are afraid that we will spend more money than we can afford for something that we really don't need.

But you can forget these fears Saturday and just let yourself go and have fun in the first Hamlin Auction Bucks promotion to be held on the bank parking lot. Just gather up all of those auction bucks you have been receiving for shopping with the local merchants and join in the fun.

There will be over \$500 in merchandise auctioned off Saturday and there is no way that you can spend more than you can afford because it is all free.

Now would be a good time to do some of that Christmas shopping and pick up the extra bonus of "auction bucks" that you can use Saturday to do even more Christmas shopping.

The following are just odds and ends we have picked up by reading our mail:

"Nation's restaurants report that requests for 'doggie bags' is breaking all records. With food costs so high customers are filling bags not only with their own uneaten food, but also with bread, rolls, butter, sugar, crackers, salt and pepper shakers, etc. As result, restaurant profits have been cut 6 percent even though business is up 22 percent."

"U.S. Treasury is considering return of old-time \$2 bill. Bureau of Engraving and Printing reports it could save \$4 million annually by printing 400 million \$2 bills instead of 800 million \$1 bills. New notes would carry portrait of Susan B. Anthony of women's suffrage fame."

The following article is written by Robert Warren, Pulitzer Prize winner. "I think the greatest curse of American society has been the idea of an easy millennialism—that some new drug, or the next election, or the latest in social engineering will solve everything."

"We are a country of promises, true enough, but we constantly neglect that man is a very, very complex phenomenon. This belief in easy solutions has given us the power of optimism... but I also think it's the biggest damn foolishness in history."

"When the solutions don't work we're outraged, we become cynical, despairing, violent. No, there are no easy solutions, no automatic redemptions."

And an editorial writer in The Daily Oklahoma says our standards of living are going down because our standards of character and standards for working already have gone down. He adds that our standard of living is going down today because most people have everything they really need, all they want and some things they don't want.

"When over-educated bubbleheads started teaching that thrift, self-reliance and morality were old-fashioned and should be abolished, we hit the skids. These same 'intellectuals' have derided religion, homes, family life, neighborhoods, honest government, education and what they refer to as 'the puritan work ethic.'"

"Our living standards are going down because of the widespread philosophy that the government ought to take care of every problem and everybody. This has led to a notorious deterioration in standards of working, which has cost businesses, industries and public treasuries billions upon billions of dollars. This money is collected from consumers and taxpayers, and the waste is the largest source of fuel to keep fires of inflation blazing."

**LEAVES HIM BEHIND**—Johnny Jones (20) leaves one of many wouldbe Bulldog tacklers on the ground as he led the Piper rushers to a 41-7 win over the Stamford Bulldogs. Jones carried 19 times for 211 yards and four touchdowns as the Pipers notched their fourth district win Friday. The Pipers host Colorado City here Friday and a Piper victory would put Hamlin in the state playoffs for the third year in a row. (Photo by Tim Jones)

## PLAYOFFS AT STAKE—

### Pipers to Host C-City In Crucial 6-AA Tilt

The Pied Pipers face another "must win" here Friday night when they host the Colorado City Wolves in the final game of the regular season. With a 4-1 district record, the Pipers must come up with a win over the Wolves if they are to make their third consecutive playoff appearance.

Coach David Bonds told the Booster Club Monday evening that for us the playoffs start this week because from here on out it's win or hang up your uniforms until next year.

A win Friday for the Pipers will put them into the playoffs with the winner of District 5-AA and assure them at least a share of the District 6-AA crown. The Pipers can own the District title outright if Ballinger loses or ties with Anson Friday night. A Ballinger win would give the Bearcats a share of the title.

While Hamlin is hosting Colorado City and Ballinger is hosting Anson Friday night, Stamford will be

closing out its season at Coahoma.

In last week's action in District 6-AA Hamlin overpowered Stamford, 41-7; Ballinger defeated Colorado City, 26-0; and Anson won over Winters, 40-24.

Scouting reports on the Wolves indicate that while they are an inexperienced team, they play sound defense and play good offensive football in spurts. The scouting reports show that even though the Wolves have a poor won-loss record they have played everyone a good game, but just seem to lack the scoring consistency to come up with more wins.

Coach Russell Merket, in giving the scouting report to the Booster Club, said that if we do not take the Wolves seriously enough and they get the jump on us we could be in for a long night.

The probable starting lineup for the Wolves will be Gene Banks, 155-pound senior, at quarterback; Steve Bolin, 145-pound senior, at

fullback; Ed Warren, 150-pound senior, at tailback; and Ricky Hemphill, 140-pound senior, at halfback. At split end will be Dan Smith, 150-pound senior, and at tight end will be Pete Selvera, 150-pound senior.

Playing tackle for the Wolves will be Jackie Ellis, 165-pound sophomore, and Roger Roenfeldt, 190-pound senior. At guard will be Bill Everett, 175-pound junior, and Ruben Ornales, 160-pound sophomore. And at Center will be Jim Jordan, 150-pound sophomore.

## Spaghetti Supper Set Here Friday

The Rotary Club will sponsor a Spaghetti and Meatball Supper Friday from 5 to 7 p.m. in the high school cafeteria before the Colorado City-Hamlin football game.

Bill Rountree is chairman. Ed Gardner, club president, said that advance tickets are being sold by club members. Tickets are \$1.75 per person.

## Group Files Suit Against Hamlin Hospital District

A group of disgruntled taxpayers in the southwestern part of Jones County Tuesday filed suit against the Hamlin Hospital District, asking that the legislative act which created the district be declared unconstitutional.

Plaintiffs in the suit filed Tuesday morning in 104th District Court at Anson are C. E. (Tip) Carter, Leon Kelso, Frank Carter, Henry Ueckert, Carl Jackson, James Boyd and M. N. Watts, all of Rt. 1, Merkel, and Darwin Hill of Rt. 1, Sylvester.

Attorney Frank Scarborough of Abilene filed the suit for the plaintiffs against the hospital district and its directors: John Scarborough, chairman; John Brown Jr., Joe Cowan, Bill Harbert, Donald

Young, Joe Hudspeth and John C. Bryant.

The plaintiffs ask for the permanent injunction to enjoin the directors from assessing or collecting taxes on their property.

They claim that they were denied their rights under the equal protection clause of the U. S. Constitution in that they were outnumbered more than three-to-one by Hamlin residents in the district, so their votes did not have "equal weight."

Dist. Judge J. Neil Daniel of Abilene, who had disqualified himself in a Stamford hospital district suit earlier, was busy presiding in an armed robbery trial in Abilene Tuesday and has not set a date for a hearing on the Hamlin hospital district matter.

## Big 'Free' Auction Set Here Saturday

Four big auctions Saturday afternoon will conclude Hamlin's first "Hamlin Auction Bucks" promotion with over \$500 in merchandise to go on the block. The auctions will be held on the F and M National Bank parking lot at 1, 2, 3 and 4 p.m.

Only "Auction Bucks" available from all the participating merchants will be good during the auctions.

The event is being sponsored by the Hamlin Retail Trade Committee and local merchants will continue to give out the "bucks" with each purchase until the final auction.

Fifty to 60 items will be auctioned off Saturday afternoon with the total value of the merchandise being well over \$500.

Merchants taking part in the program are: Pied Piper Grocery, J.R.B. Super

Market, City Food Market, Thrift-Tee Foods, Witt Jewelry, Bill Sauls Gulf, Kiser Texaco, Cloud's Carpet, Frank's Dept. Store, Heidenheimer's, Merle Norman Cosmetics, Harbert Furniture, White's Auto, Arrow Service and Supply, Joe Hudspeth's, Reynolds Drug, Waggoner Drug, Howard Drug Co., Lady Bug, Hamlin Flower Shop, Winn's Stores Inc., and Hamlin Herald.

## School Board Adopts New Senior Activity Policy

The Trustees of the Hamlin Independent School District adopted a committee proposal dealing with future Senior Class activities at their regular monthly meeting Monday evening.

The board has been working on the subject of Senior trips and activities since the start of the school year when it was learned that a shortage of volunteer senior sponsors existed. The board named a committee of Trustees, faculty members and students to work on the problem.

It was this committee's proposal that was finally adopted after lengthy discussions. A number of mothers of sophomore students took part in the discussions.

Under the plan as adopted, the present Senior Class will be permitted to go on its educational senior trip of four nights and five days as approved earlier by the board. The class of 1975-76 (present juniors), with board approval would be permitted to go on a similar trip of three nights and four days and be permitted to take part in all the present fund raising activities that are now being used by the present Senior Class.

Future Senior Classes, starting with the 1976-77 (present sophomores) will be given three days out of school at the end of the school year to be used as the class sees fit, although a school sponsored trip would still need board approval.

The big changes brought about in the policy would be in fund raising activities with the football and basketball concessions rights going from the Senior Class to all of the other organizations within the high school.

Under the new plan the classes would continue to have their junior and senior plays and as juniors would sell pennants and as seniors would sell calendars.

The proposal calls for a faculty advisor to be in charge of purchasing and organizing the operations of the concessions with all food being purchased and prepared by the organizations involved. All organizations within the high school will be permitted to take part in the concession stand operations.

In other action the Trustees sold used cafeteria equipment to the high bidders with J. B. Hester paying \$145 for part of the equipment and Roy Jordan buying \$100 worth.

The board also appointed a committee to select State adopted textbooks for use in the local schools for the 1974-75 school year. Serving on the committee will be: Bob Hawes, superintendent; Paula Butler, kindergarten; Kathy Carriker, Bilingual textbooks; A. I. Simon, Bilingual systems; Deborah Haig, handwriting; Maude Elkins, language-grammar; Anne Prewitt, science; Bettye Shira, reading; Hermonia Jenkins, language-grammar; Kay Haynes, Spanish; Jerry Bodine, mathematics; Bill Grissom, speech; Jerry Gooch, mathematics; Larry Butler, elementary; and Marvin Carlton, textbook custodian.

## Door to Door Drive Set Today for Park Project

Workers for the Bicentennial project and volunteers will march for funds today (Thursday) and Friday, according to Mrs. Joe E. Ford, who is co-chairman with Mrs. John Ferguson Jr.

The various clubs and organizations are being contacted to secure volunteers. Workers who will be conducting the canvass of the residential and business districts will go by Farmers and Merchants National Bank to get materials and receive street assignments, Mrs. Ford said.

The Bicentennial project will require about \$3,000 to purchase the Victoria Courts property. Plans call for the

removal of the buildings from the site and construction of a roadside park.

The Hamlin Jaycees have volunteered their help in providing labor to assist in the project.

Workers will be contacting residents and business persons Thursday and Friday. A definite time was not set. Workers will set their own schedules.

Rainfall in November has been recorded on four days for a total of .60.

The amounts recorded by Bill Rountree, official weather representative here, were Nov. 6, .01; Nov. 7, .16; Nov. 9, .08; Nov. 10, .35.

## First Baptist Open House Set Sunday

The membership of First Baptist Church extends an invitation to the people of the area to Open House for the new education unit complex as a part of Celebration Day Sunday. Refreshments will be served.

The Open House is under the direction of a committee composed of wives of building committee members, Mmes. C. L. White, John Steele, Robert Moore, E. A. Hewett, B. V. Newberry, Joe E. Ford and Mrs. C. L. Howard of the Building Committee.

The Third Sunday Singing will be held at Calvary Baptist Church, Sunday, beginning at 2:00 p.m.

**CLERK OF THE MONTH**—Mrs. C. L. White, right, an employee of City Hall and Hamlin Tax Office, is told by Mrs. L. C. Bonds, left, of her selection as Clerk of the Month by a special committee named by the Retail Trade Committee of the Board of Community Development. Mrs. Bonds is office manager-secretary of the BCD.

The past Sunday was the beginning of the pastorate of Rev. G. T. Palmer at the Hamlin Methodist Church. Rev. Palmer was assigned this station at the Annual Conference at Abilene and comes from the Hale Center Church.

The chief attraction for sport lovers in Hamlin on Armistice Day was the football game played here between Hamlin High and Haskell High. It was just the kind of day when everybody felt like getting out and seeing new things and new life.

This week Contractor J. S. Dean of McCaulley is almost ready to complete the brick work on a new structure just south of the Routh Insurance Office. record business was due to be set, according to Lions Club officials.

Commercial building in Hamlin was booming this week as three major projects were underway. Two of them are to change the skytracks in Northeast Hamlin, the other one is not even visible to the passerby.

First phase of the water and sewer extension program planned for the current year has been completed in Northwest Hamlin under the direction of Bill Rountree, city water superintendent, and City Coordinator Roy Dunlap.

And ending on a lighter note we ran across the following in the Seminole Sentinel:

"A reporter knows a great deal about very little and goes along learning more and more about less and less, until, finally, he knows practically everything about nothing!"

"But an editor knows very little about a great deal and keeps learning less and less about more and more until he knows practically nothing about everything!"

"A publisher starts out knowing practically everything about everything, but ends up knowing nothing about anything, mainly because of his association with reporters and editors!"

Neinda Philosopher Comes Up With Plan for Solving Mass Transit Ills

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One puts his mind to work on another problem this week, it looks like.

Dear editor:

Not that it really concerns me, I've got no mass transit problems out here on this Johnson grass farm, unless some hot shot real estate developer comes along and wants to sub-divide it, but as I understand it mass transit is one of the biggest problems bit cities have, next to paying their bills.

The trouble is cities were built on a per-person basis and not a per-car basis, and when everybody wants to bring his car downtown you can see it's like trying to put horses in a coop built for chickens.

The next problem is that people have spread out around the city, building homes — while still close

together — further and further out, in what the experts call urban sprawl. As a result all these people choke the streets with their cars as they try to get to work every morning.

So the experts are racking their brains to figure out a mass transit system that'll haul people to and from work to save congestion, gasoline and gasoline fumes, without mortgaging city hall to do it, but they're finding it's like trying to halt an avalanche after it's already half-way down the mountain.

What they're overlooking is that cities are built wrong. To haul people to work in one of them now you'd have to have a mass transit system built like a giant spider web, the Center downtown and the web strands extending out in all directions for miles and miles.

Cities ought to be re-built. Instead of urban sprawl they ought to have urban elongation. What you need is

a city ten blocks wide and a hundred miles long. One set of railroad tracks would run down the middle. Put up a school every ten miles. End forever the quarrel over busing. You haven't heard of anybody being for or against riding a train to school, have you? Also, put up all office buildings, factories, stores, shopping centers, X-rated movie houses, etc. on either side of the elongated city, and everybody rides to work, if he can walk the five blocks from his home to the railroad tracks.

If a city ten blocks wide and 100 miles long won't accommodate all its people, move over a few feet and build another one parallel to it.

If you run into the problem of New York running into Baltimore or Abilene running into Hamlin, that's another problem but it won't be any worse than inflation or the Mid-East.

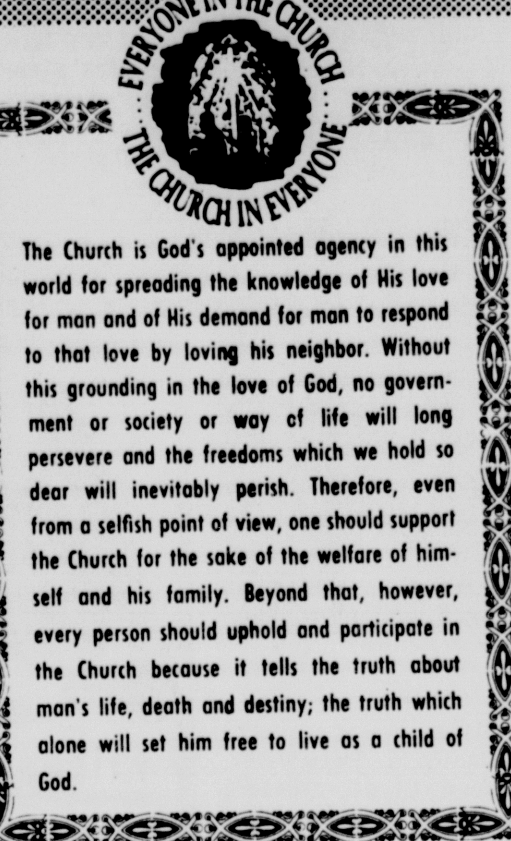

Yours faithfully,  
J. A.

IN  
MOTHER'S  
FOOTSTEPS

What joy in life is seen in those eyes. That smile is given freely to everyone. Now look at them both. Which one am I talking about? Aren't they both the same? No, she's not an exact, carbon copy, of her mother — for when you look again, you see that there is a generation between them. She wears the bright colors in her dress with the cute designs. Her dreams are different than her mothers. She is more outgoing. Yet in the mother you can see a quiet humor and in her closeness to her daughter, a gentle protectiveness. Her mother's dreams are sometimes too ambitious, but in the "Encouragement Department" she works just fine.

There is one dream and ambition they both have, however; and that is to be like our Lord and Saviour Jesus Christ, and to be of service to the church. Their goodness is of God.

"For the eyes of the Lord are over the righteous, and his ears are open unto their prayers: but the face of the Lord is against them that do evil." 1 Peter 3:12.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## NEWS FROM OLD GLORY

By BERNICE D. WHITE

Strange as it may sound, what this community needs now is sunshine so farmers can gather cotton that is mostly still in the fields and finish sowing grain.

Basketball games scheduled for the weekend and on into next week include the high school teams, to meet Guthrie here Friday, Nov. 15 and then Tuesday, Nov. 19, Megargel will be here. The junior high teams will be playing in the O'Brien tournament Nov. 18 and 23.

Russell Letz was recently chosen homecoming king at New Mexico State University where he is a student. He is the son of Mr. and Mrs. Ed Letz. He is a 1972 graduate of Old Glory High School, where he was valedictorian of his class, and was also named all-state in basketball and tennis.

Visitors in the home of Mr. and Mrs. W. H. Vahlenkamp over the weekend were their children and families, Mr. and Mrs. Melvin Vahlenkamp, Mark, Michael and Leigh of Dallas, and Mr. and Mrs. Donnie McMorris and Harlan of Seymour.

The McMorris have recently moved from Floydada to Seymour, where she is employed as a home demonstration agent and McMorris is engaged in the heating and air conditioning business.

Mr. and Mrs. W. H. Vahlenkamp attended the funeral of Tony Lowack, a cousin of Mrs. Vahlenkamp, at Archer City Monday of last week.

Many in the community were saddened last week to learn of the death of one of our former residents, Mrs. Ella Wendeborn of Stamford.

The Wendeborns lived here for many years and reared their family here. A son Billy still lives here, a daughter

Mrs. Gladys Frances now lives in Stamford.

Mrs. Mozelle Ferguson and Mrs. Bertha Perkins, both of Lamesa, stopped by to visit with Mrs. Katie Gerloff one day last week.

Mr. and Mrs. Loy Garner, Jana and Julie, of Abilene spent last weekend here visiting his parents, Mr. and Mrs. Morris Garner.

Mr. and Mrs. Morris Garner visited in Rule Wednesday of last week in the home of Mr. and Mrs. John Duncan.

Paul Garrett of Abilene, part-time minister at the Old Glory Church of Christ, was a dinner guest in the home of Mr. and Mrs. Derrell Sawyers Sunday.

**FEW BLACKS HIRED** — A Dallas legislator has complained that 54 state agencies (most of them small) have no black employees.

Rep. Paul Ragsdale of Dallas, a black, said only one agency has more than 10 per cent black employees. That is the Department of Mental Health and Mental Retardation.

Compared with a state population which is 12 per cent black, there are fewer than nine per cent black state employees, and only two per cent hold state jobs which pay \$10,000 or more annually.

Ragsdale said Texas population is 18 per cent Mexican-American, but only 11.6 per cent of state jobs are held by Mexican-Americans.

**SPEED CHECK URGED** — Department of Public Safety Director Wilson E. Speir has urged Texas drivers "to make a greater effort to observe the 55 miles per hour speed limit."

Speir said surveys indicated more than 60 per cent of all vehicles are exceeding the limit, including trucks. Speeding arrests are doubling this year, and DPS officers are concentrating on unsafe driving practices by commercial operators. Speir said the truckers frequently radio each other warning of law enforcement efforts.

**SHORT SNORTS** Drought-hit Baylor and Borden counties have been designated disaster areas.

Larry F. Yorn resigned as first assistant Texas attorney general to return to Houston law practice.

Joe H. Golman of Dallas is chairman of the Texas Cosmetology Commission.

Gov. Briscoe asked disaster area declarations for Anderson, Bell, Cook, El Paso, Hill, Hopkins, Limestone, McLennan, Parker, Palo Pinto, Sutton, Val Verde and Williamson counties due to rains, windstorms and tornadoes.

## STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams

**AUSTIN**—Atty. Gen. John Hill, viewed as a likely gubernatorial candidate in 1978, emerged from the November 5 general election as the top statewide Democratic vote-getter.

While all the statewide incumbent Democrats won landslide victories over Republicans and minor party candidates, Gov. Dolph Briscoe ran last on the ticket.

But last was good for 62 per cent of the total vote cast in the governor's race (nearly a million) and an apparent sweep of all but five counties by the governor.

Hill was followed closely by Land Commissioner Bob Armstrong in the vote-getting statistics.

While the attorney general received more than 74 per cent of the votes over two opponents, Armstrong was less than a percentage point behind.

All but two of the statewide Democratic contenders topped well over one million votes, and most had more than 70 per cent of their contest totals.

Treasurer Jesse James ran down the list and just ahead of Briscoe, but he still managed to finish with 64.7 per cent in his race.

The turnout of just over 1.6 million was, percentage-wise, perhaps the worst in recent Texas history—about 31 per cent.

While there were only 1.4 million votes in the 1966 general election and 1.5 million in 1962, there were far fewer than the present 5.4 million registered voters then.

**GOP HOPEFUL** — Republicans, in spite of the drubbing they took in statewide elections, already are talking hopefully about rebuilding for the future.

**GOP Chairman Jack Warren** of Tyler said the state party will be zeroing in on 1976 legislative races and looking for a strong U.S. Senate candidate to challenge for Sen. Lloyd Bentsen's seat. GOPs from Texas will also want to have a say in the next big presidential effort, Warren emphasized.

There were bright spots in the darkness for the Republicans this year, Warren noted. He pointed to victories of Jon Lindsay for Harris County judge, John Whittington's upset of longtime Dallas County Judge Lew Sterrett and Nathan White's victory for the Collin County judgeship. The party had a net loss of one congressional seat (U.S. Rep. Bob Price in Panhandle-North Texas district 13) and two state House of Representatives places in the November 5 general election.

**ONE PRIMARY LESS** — Raza Unida Party, which held its first primary this year,

won't be conducting any more in the near future.

Under new election law, parties which receive two to 20 per cent of the vote for governor must nominate in conventions. Raza Unida falls in this bracket, with about a six per cent showing November 5.

Only Democrats and Republicans will nominate in primaries next time out, since both received more than 20 per cent of the gubernatorial vote.

The American Party and Socialist Workers Party, if they get on the next ballot, will have to submit about 16,000 signatures on petitions. They needed 34,000 signers to qualify this year.

**COURTS SPEAK** — The Court of Criminal Appeals refused to reconsider its September 24 decision upholding convictions of former House Speaker Gus Mutscher and two aides for conspiracy to take a bribe.

The high court reversed and directed new trial for a Houston woman convicted of slaying her husband.

In another husband-killing case, the same court affirmed the 20-year sentence given a Dallas housewife.

The State Supreme Court ruled in favor of the state in a tax case involving liquor served by a Taylor County country club.

**AG OPINIONS**—Atty. Gen. John Hill held material supporting the agenda of the University of Texas Board of Regents meeting in public information insofar as it reflects factual matters.

In other recent opinions, Hill concluded:

- A grand jury has no authority to employ aides to investigate crimes.
- A bail bond board may consider felony convictions of applicants for a bail bond license in passing on their eligibility.
- A city mail carrier is eligible to run for city council.

- A traffic safety film produced by Texas Education Agency can be reproduced and distributed by a private concern for profit.

**CONFERENCE SET**—A national conference on economic problems and energy consumption forecasts is set here November 14-15.

Economists and mathematicians from over the nation will meet to discuss mathe-

matical techniques used in economic analyses, supply and demand forecasting, governmental program planning and constraints on development.

The governor's office is host for the conference. The session will produce papers and reports to help state and federal government analysts in evaluating modeling and analytic techniques and data requirements.

Cigarette tax revenues increased \$589,766 last month over October 1974, to \$21.96 million.

## Letter to Editor

### Child Care Center Says Thank You

Dear Bob,  
We would like to take this means to say "Thank you" to the individuals, clubs, organizations and Retail Businesses who contributed time, money, prizes and gifts to help make our City-Wide Carnival for the Child Care Center successful. To those who came out on a less than perfect evening to join in the festivities and participate in the fund raising, to each one we say thank you. These people who contributed so much are certainly appreciated.

We now have thirty full time children being cared for in the Center. We have a staff of six full time employees. The children being cared for are from homes of working parents, or parents seeking employment or parents furthering their education.

This is a community service that has been needed in Hamlin for a long time. It is licensed by the state. It is operated under government regulations. There will always be a need for extra money to keep the Center in operation and make it better.

Yours truly,  
Peggy Bonds

## On Home Laundry

Wash and dry a full load, but never overload... it is essential for each item to move freely for proper cleaning and drying.

Choose the correct cycle for washing modern materials.

Too Much detergent can clog machine and drains... always measure, don't guess! Follow the manufacturer's recommendations for your type equipment.

Many manufacturers of permanent press garments recommend machine washing and machine drying for best results. Following instructions on the garment tag can help preserve the life of your clothing and give you wrinkle-free clothes without need for ironing. A big savings! Important! Clean the lint trap and lint filter on both washer and dryer after each load or a full day's use of your home laundry.

# Pipers Take Early Lead To Down Stamford, 41-7

The Pied Pipers blasted their way to three first quarter touchdowns and then coasted to a 41-7 win over the hapless Stamford Bulldogs to take one more big step at Stamford Friday night on their way to the playoffs.

Hamlin's All-State running back, Johnny Jones, held scoreless the past three weeks, exploded for four touchdowns and rushed for 211 yards in 19 carries. Halfback Daniel Willis picked up the other two touchdowns and picked up 108 yards in 13 tries. Fullback Steve Evans joined Jones and Willis in going over the 100 yard mark with 143 yards in 24 carries as the Pipers racked up 531 yards on the ground. Jones raised his season rushing total to 1,397 yards in 167 carries for an average of 8.4 yards per trip. He has scored 86 points in the nine games. The night's work brought his career rushing total to 5,574 yards in 40 games—over three miles. Since starting as a freshmen, Jones has carried the ball 636 times for an average of 8.8 yards per try and an average of 139 yards per game. He has scored 404 points in the 40 games.

Hamlin received the opening kickoff with William Brown returning it to the Hamlin 25. Jones carried for 11 and five yards and then Russell May picked up six more. Willis took the option pitch and raced 23 yards to the Stamford 31 and then Jones took the pitch from Tracy Rowland and raced in for the score. Rowland kicked the point after.

Stamford failed to gain a first down and punted out to the 50. The Pipers drew a penalty back to the 39, but it just took Willis one play to pick the yardage back up as he carried for 22 yards and a first down at the Stamford 39. Evans gained 10 and then Jones carried for 22 yards to the seven. Willis raced around his left end for the score on the next play. Rowland again added the point after.

Stamford failed to make a first down again and punted out to the Hamlin 37. It took the Pipers 11 plays to go the 63 yards for their third touchdown of the night with Willis scoring this one from the one with 40 seconds left in the first period.

Again the Bulldogs failed to gain a first down and punted to the Piper 16. The Pipers picked up four first downs on the running of Evans and Willis and a pass from Rowland to Brown for a first down at the Stamford 39. But the Pipers lost nine yards at this point and were five yards short of a first down at the 34.

The Pipers got the ball back on the next play however when Rick Craig recovered Don Earl's fumble at the 36. The Pipers were set back 15 yards on a penalty and on third down Tony

Rosas intercepted a Rowland pass at the Stamford 17.

The Bulldogs took to the air and picked up two first downs before Oscar Marshall intercepted a Bulldog pass at his own 38.

The Pipers drove down to the Bulldog 17 on the running of Willis, Evans and Jones, but had to give up the ball when they ran out of downs.

Earl picked up a first down for the Bulldogs at the 33, but Allen Young recovered a Bulldog fumble back on the Stamford 23.

With just seconds left in the first half, Jones broke tackle after tackle to fight his way into the endzone for the fourth Piper score. Rowland kicked the point after with one second left on the clock.

Stamford took the second half kickoff and returned it to the Bulldog 17 but failed to make a first and punted out to their 43. The Pipers, on the running of Evans and Jones moved to the Stamford 17, but then lost 19 yards on a fumbled pitch and then gave up the football two plays later on a fumble.

Stamford picked up two first downs out to the Hamlin 40 on two pass plays before Jones took the ball away from Stamford's wouldbe receiver, Stephen Paul Mays, and returned it to the Hamlin 31.

Jones and Evans combined to drive the ball 69 yards in seven plays with Jones scoring from the four. Jones ripped off 33 yards for the big gainer of the drive. Rowland again added the point after.

Willis stopped the Bulldogs on the next series as he picked off a Stamford pass and returned it 25 yards to the Stamford 15. A mixup cost the Pipers a yard loss and then Evans carried three times but was a yard short of a first down at the five.

The Bulldogs were forced to punt again when they failed to make a first down and the Pipers took over at the Stamford 38. Willis reeled off 24 yards for a first down at the 18, but the Bulldogs picked off Paul Reynolds' pass on the next play.

The Bulldogs put their lone score on the board on this series as Quarterback Bryon Tabor, facing third down and six, broke loose and out ran the Piper secondary for 59 yards and the score. James Bunkley kicked the point after to the cut the Piper lead to 35-7.

The Pipers came back following the kickoff and drove 59 yards in eight plays for a touchdown. Jones,

Willis, Evans and Rowland all took part in the drive as they marched for four first downs with Jones scoring from the 10 on the option. Rowland missed the point after to make the score 41-7.

Brown intercepted a Bulldog pass to kill a Bulldog threat when they completed a 60-yard pass to the Hamlin 8, but the Pipers fumbled the ball back to the Bulldogs six plays later at the Hamlin 41. Raymond Jordan got the ball back again for the Pipers as he recovered a fumble at the Hamlin 36.

At this point everyone seemed to get into the act as Eddie Rivera was dropped for a three-yard loss, Gary Neal carried for three, Gerry Young for eight and the Bulldogs drew a 15-yard penalty. Ray Sonnenburg carried for five and then Luke Reynolds picked up a yard as the game ended.

## NATURAL GAS For Years To Come

With all the talk about conservation, many might believe that we have only enough natural gas for a few tomorrows. We'd like to assure our residential and other high priority customers that Lone Star has an adequate supply. Not only for the present, but for years to come.

We were actively engaged in exploration programs long before the energy crisis. And since the crisis, we're exploring even harder to insure your continued supply of natural gas.

Conservation is one way to extend the supplies we now have on hand. And they can last much longer by avoiding wasteful uses of energy. By making it last longer, more time is allowed for new forms of energy to be developed.

Of course new supplies are going to cost more. But natural gas is still the best buy for your energy dollar!

Conserve natural gas. Conservation will help keep the cost as low as possible.

My Family joins me in extending a special thanks to every one who had a part in helping us in this campaign, it was magnificent and words cannot express our gratitude.

Yes, when accounts are held in different rights and capacities. Thus you may have an individual account covered up to the full insurance limit, a spouse may have a similar account insured to the same limit, husband and wife may have a joint account insured up to the maximum, either or both may have insured accounts as executor or trustee of an estate. . . in fact every account held in a different right and capacity will be covered to the full insurance limit.

Who pays for this insurance?

Your bank does. Deposit insurance supplements the sound management policies which provide the basic protection for your deposited funds. Your bank pays for the insurance. ## NEWS AND VIEWS...

### And What Have You

By BOB CRAIG

Everybody seems to love auctions but a lot of us shy away from them because we are afraid that we will spend more money than we can afford for something that we really don't need.

But you can forget these fears Saturday and just let yourself go and have fun in the first Hamlin Auction Bucks promotion to be held on the bank parking lot. Just gather up all of those auction bucks you have been receiving for shopping with the local merchants and join in the fun.

There will be over \$500 in merchandise auctioned off Saturday and there is no way that you can spend more than you can afford because it is all free.

Now would be a good time to do some of that Christmas shopping and pick up the extra bonus of "auction bucks" that you can use Saturday to do even more Christmas shopping.

The following are just odds and ends we have picked up by reading our mail:

"Nation's restaurants report that requests for 'doggie bags' is breaking all records. With food costs so high customers are filling bags not only with their own uneaten food, but also with bread, rolls, butter, sugar, crackers, salt and pepper shakers, etc. As result, restaurant profits have been cut 6 percent even though business is up 22 percent."

"U.S. Treasury is considering return of old-time \$2 bill. Bureau of Engraving and Printing reports it could save \$4 million annually by printing 400 million \$2 bills instead of 800 million \$1 bills. New notes would carry portrait of Susan B. Anthony of women's suffrage fame."

The following article is written by Robert Warren, Pulitzer Prize winner. "I think the greatest curse of American society has been the idea of an easy millennialism—that some new drug, or the next election, or the latest in social engineering will solve everything."

"We are a country of promises, true enough, but we constantly neglect that man is a very, very complex phenomenon. This belief in easy solutions has given us the power of optimism... but I also think it's the biggest damn foolishness in history."

"When the solutions don't work we're outraged, we become cynical, despairing, violent. No, there are no easy solutions, no automatic redemptions."

And an editorial writer in The Daily Oklahoma says our standards of living are going down because our standards of character and standards for working already have gone down. He adds that our standard of living is going down today because most people have everything they really need, all they want and some things they don't want.

"When over-educated bubbleheads started teaching that thrift, self-reliance and morality were old-fashioned and should be abolished, we hit the skids. These same 'intellectuals' have derided religion, homes, family life, neighborhoods, honest government, education and what they refer to as 'the puritan work ethic.'"

"Our living standards are going down because of the widespread philosophy that the government ought to take care of every problem and everybody. This has led to a notorious deterioration in standards of working, which has cost businesses, industries and public treasuries billions upon billions of dollars. This money is collected from consumers and taxpayers, and the waste is the largest source of fuel to keep fires of inflation blazing."

**LEAVES HIM BEHIND**—Johnny Jones (20) leaves one of many wouldbe Bulldog tacklers on the ground as he led the Piper rushers to a 41-7 win over the Stamford Bulldogs. Jones carried 19 times for 211 yards and four touchdowns as the Pipers notched their fourth district win Friday. ## PLAYOFFS AT STAKE—

### Pipers to Host C-City In Crucial 6-AA Tilt

The Pied Pipers face another "must win" here Friday night when they host the Colorado City Wolves in the final game of the regular season. With a 4-1 district record, the Pipers must come up with a win over the Wolves if they are to make their third consecutive playoff appearance.

Coach David Bonds told the Booster Club Monday evening that for us the playoffs start this week because from here on out it's win or hang up your uniforms until next year.

A win Friday for the Pipers will put them into the playoffs with the winner of District 5-AA and assure them at least a share of the District 6-AA crown. The Pipers can own the District title outright if Ballinger loses or ties with Anson Friday night. A Ballinger win would give the Bearcats a share of the title.

While Hamlin is hosting Colorado City and Ballinger is hosting Anson Friday night, Stamford will be

closing out its season at Coahoma.

In last week's action in District 6-AA Hamlin overpowered Stamford, 41-7; Ballinger defeated Colorado City, 26-0; and Anson won over Winters, 40-24.

Scouting reports on the Wolves indicate that while they are an inexperienced team, they play sound defense and play good offensive football in spurts. The scouting reports show that even though the Wolves have a poor won-loss record they have played everyone a good game, but just seem to lack the scoring consistency to come up with more wins.

Coach Russell Merket, in giving the scouting report to the Booster Club, said that if we do not take the Wolves seriously enough and they get the jump on us we could be in for a long night.

The probable starting lineup for the Wolves will be Gene Banks, 155-pound senior, at quarterback; Steve Bolin, 145-pound senior, at

fullback; Ed Warren, 150-pound senior, at tailback; and Ricky Hemphill, 140-pound senior, at halfback. At split end will be Dan Smith, 150-pound senior, and at tight end will be Pete Selvera, 150-pound senior.

Playing tackle for the Wolves will be Jackie Ellis, 165-pound sophomore, and Roger Roenfeldt, 190-pound senior. At guard will be Bill Everett, 175-pound junior, and Ruben Ornales, 160-pound sophomore. And at Center will be Jim Jordan, 150-pound sophomore.

## Spaghetti Supper Set Here Friday

The Rotary Club will sponsor a Spaghetti and Meatball Supper Friday from 5 to 7 p.m. in the high school cafeteria before the Colorado City-Hamlin football game.

Bill Rountree is chairman. Ed Gardner, club president, said that advance tickets are being sold by club members. Tickets are \$1.75 per person.

## First Baptist Open House Set Sunday

The membership of First Baptist Church extends an invitation to the people of the area to Open House for the new education unit complex as a part of Celebration Day Sunday. The Open House from 2 to 4 p.m. will give visitors an opportunity to tour the newest church facility which includes Fellowship Hall, parlor, kitchen and classrooms.

Refreshments will be served.

The Open House is under the direction of a committee composed of wives of building committee members, Mmes. C. L. White, John Steele, Robert Moore, E. A. Hewett, B. V. Newberry, Joe E. Ford and Mrs. C. L. Howard of the Building Committee.

The Third Sunday Singing will be held at Calvary Baptist Church, Sunday, beginning at 2:00 p.m.

## Big 'Free' Auction Set Here Saturday

Four big auctions Saturday afternoon will conclude Hamlin's first "Hamlin Auction Bucks" promotion with over \$500 in merchandise to go on the block. The auctions will be held on the F and M National Bank parking lot at 1, 2, 3 and 4 p.m.

Only "Auction Bucks" available from all the participating merchants will be good during the auctions.

The event is being sponsored by the Hamlin Retail Trade Committee and local merchants will continue to give out the "bucks" with each purchase until the final auction.

Fifty to 60 items will be auctioned off Saturday afternoon with the total value of the merchandise being well over \$500.

Merchants taking part in the program are: Pied Piper Grocery, J.R.B. Super

Market, City Food Market, Thrift-Tee Foods, Witt Jewelry, Bill Sauls Gulf, Kiser Texaco, Cloud's Carpet, Frank's Dept. Store, Heidenheimer's, Merle Norman Cosmetics, Harbert Furniture, White's Auto, Arrow Service and Supply, Joe Hudspeth's, Reynolds Drug, Waggoner Drug, Howard Drug Co., Lady Bug, Hamlin Flower Shop, Winn's Stores Inc., and Hamlin Herald.

## School Board Adopts New Senior Activity Policy

The Trustees of the Hamlin Independent School District adopted a committee proposal dealing with future Senior Class activities at their regular monthly meeting Monday evening.

The board has been working on the subject of Senior trips and activities since the start of the school year when it was learned that a shortage of volunteer senior sponsors existed. The board named a committee of Trustees, faculty members and students to work on the problem.

It was this committee's proposal that was finally adopted after lengthy discussions. A number of mothers of sophomore students took part in the discussions.

Under the plan as adopted, the present Senior Class will be permitted to go on its educational senior trip of four nights and five days as approved earlier by the board. The class of 1975-76 (present juniors), with board approval would be permitted to go on a similar trip of three nights and four days and be permitted to take part in all the present fund raising activities that are now being used by the present Senior Class.

Future Senior Classes, starting with the 1976-77 (present sophomores) will be given three days out of school at the end of the school year to be used as the class sees fit, although a school sponsored trip would still need board approval.

The big changes brought about in the policy would be in fund raising activities with the football and basketball concessions rights going from the Senior Class to all of the other organizations within the high school.

Under the new plan the classes would continue to have their junior and senior plays and as juniors would sell pennants and as seniors would sell calendars.

The proposal calls for a faculty advisor to be in charge of purchasing and organizing the operations of the concessions with all food being purchased and prepared by the organizations involved. All organizations within the high school will be permitted to take part in the concession stand operations.

In other action the Trustees sold used cafeteria equipment to the high bidders with J. B. Hester paying \$145 for part of the equipment and Roy Jordan buying \$100 worth.

The board also appointed a committee to select State adopted textbooks for use in the local schools for the 1974-75 school year. Serving on the committee will be: Bob Hawes, superintendent; Paula Butler, kindergarten; Kathy Carriker, Bilingual textbooks; A. I. Simon, Bilingual systems; Deborah Haig, handwriting; Maude Elkins, language-grammar; Anne Prewitt, science; Bettye Shira, reading; Hermonia Jenkins, language-grammar; Kay Haynes, Spanish; Jerry Bodine, mathematics; Bill Grissom, speech; Jerry Gooch, mathematics; Larry Butler, elementary; and Marvin Carlton, textbook custodian.

## Door to Door Drive Set Today for Park Project

Workers for the Bicentennial project and volunteers will march for funds today (Thursday) and Friday, according to Mrs. Joe E. Ford, who is co-chairman with Mrs. John Ferguson Jr.

The various clubs and organizations are being contacted to secure volunteers. Workers who will be conducting the canvass of the residential and business districts will go by Farmers and Merchants National Bank to get materials and receive street assignments, Mrs. Ford said.

The Bicentennial project will require about \$3,000 to purchase the Victoria Courts property. Plans call for the

removal of the buildings from the site and construction of a roadside park.

The Hamlin Jaycees have volunteered their help in providing labor to assist in the project.

Workers will be contacting residents and business persons Thursday and Friday. A definite time was not set. Workers will set their own schedules.

Rainfall in November has been recorded on four days for a total of .60.

The amounts recorded by Bill Rountree, official weather representative here, were Nov. 6, .01; Nov. 7, .16; Nov. 9, .08; Nov. 10, .35.

**CLERK OF THE MONTH**—Mrs. C. L. White, right, an employee of City Hall and Hamlin Tax Office, is told by Mrs. L. C. Bonds, left, of her selection as Clerk of the Month by a special committee named by the Retail Trade Committee of the Board of Community Development. Mrs. Bonds is office manager-secretary of the BCD.

The chief attraction for sport lovers in Hamlin on Armistice Day was the football game played here between Hamlin High and Haskell High. It was just the kind of day when everybody felt like getting out and seeing new things and new life. This week Contractor J. S. Dean of McCaulley is almost ready to complete the brick work on a new structure just south of the Routh Insurance Office. This building is being built by a Mr. Gill of Sonora and is 25 feet by 60 feet. It is not known yet what will be the nature of business this house will accommodate.

The New York Players, in their big Comedy Drama, "Cappy Ricks," will be presented at the School Auditorium on Monday Evening, Nov. 17, at 8:00 p.m.

A very enthusiastic meeting of the P. T. A. was held at the High School Auditorium, Wednesday afternoon. Through the work of the membership committee several new members were received. The finance committee reported funds enough on hand to finish paying for the piano.

On Thursday evening of last week the King's Daughters were very delightfully entertained at the home of Mrs. Akers.

First there were two and now there are five candidates in the race for state senator from the 24th Texas Senatorial District of which Jones County is a part.

The Mackey evangelistic party will begin a revival campaign next Wednesday evening at 7:15 p.m. at the Church of the Nazarene, it is announced by William C. Emberton, pastor.

Christmas Cheer jars were put in Hamlin business places last weekend by members of the Volunteer Fire Department to receive contributions to the annual fund sponsored by the firemen.

Pulpit of the North Central Avenue Baptist Church will be filled Sunday morning and evening by a visiting preacher, church leaders said Wednesday evening, but The Herald could not secure his name.

Tickets were selling like pancakes this week—tickets for the Lions Club sponsored pancake supper next Tuesday evening, that is. And a

record business was due to be set, according to Lions Club officials.

Commercial building in Hamlin was booming this week as three major projects were underway. Two of them are to change the skytracks in Northeast Hamlin, the other one is not even visible to the passerby.

NEWS AND VIEWS . . .  
**And What Have You**  
Continued from page 1

And ending on a lighter note we ran across the following in the Seminole Sentinel:

"A reporter knows a great deal about very little and goes along learning more and more about less and less, until, finally, he knows practically everything about nothing!"

"But an editor knows very little about a great deal and keeps learning less and less about more and more until he knows practically nothing about everything!"

"A publisher starts out knowing practically everything about everything, but ends up knowing nothing about anything, mainly because of his association with reporters and editors!"

IN  
MOTHER'S  
FOOTSTEPS

What joy in life is seen in those eyes. That smile is given freely to everyone. Now look at them both. Which one am I talking about? Aren't they both the same? No, she's not an exact, carbon copy, of her mother—for when you look again, you see that there is a generation between them. She wears the bright colors in her dress with the cute designs. Her dreams are different than her mothers. She is more outgoing. Yet in the mother you can see a quiet humor and in her closeness to her daughter, a gentle protectiveness. Her mother's dreams are sometimes too ambitious, but in the "Encouragement Department" she works just fine.

There is one dream and ambition they both have, however; and that is to be like our Lord and Saviour Jesus Christ, and to be of service to the church. Their goodness is of God.

"For the eyes of the Lord are over the righteous, and his ears are open unto their prayers: but the face of the Lord is against them that do evil." 1 Peter 3:12.

**EVERYONE IN THE CHURCH**  
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher Comes Up With  
Plan for Solving Mass Transit Ills

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One puts his mind to work on another problem this week, it looks like.

Dear editor:

Not that it really concerns me, I've got no mass transit problems out here on this Johnson grass farm, unless some hot shot real estate developer comes along and wants to sub-divide it, but as I understand it mass transit is one of the biggest problems bit cities have, next to paying their bills.

The trouble is cities were built on a per-person basis and not a per-car basis, and when everybody wants to bring his car downtown you can see it's like trying to put horses in a coop built for chickens.

The next problem is that people have spread out around the city, building homes — while still close

together — further and further out, in what the experts call urban sprawl. As a result all these people choke the streets with their cars as they try to get to work every morning.

So the experts are racking their brains to figure out a mass transit system that'll haul people to and from work to save congestion, gasoline and gasoline fumes, without mortgaging city hall to do it, but they're finding it's like trying to halt an avalanche after it's already half-way down the mountain.

What they're overlooking is that cities are built wrong. To haul people to work in one of them now you'd have to have a mass transit system built like a giant spider web, the Center downtown and the web strands extending out in all directions for miles and miles.

Cities ought to be re-built. Instead of urban sprawl they ought to have urban elongation. What you need is

a city ten blocks wide and a hundred miles long. One set of railroad tracks would run down the middle. Put up a school every ten miles. End forever the quarrel over busing. You haven't heard of anybody being for or against riding a train to school, have you? Also, put up all office buildings, factories, stores, shopping centers, X-rated movie houses, etc. on either side of the elongated city, and everybody rides to work, if he can walk the five blocks from his home to the railroad tracks.

If a city ten blocks wide and 100 miles long won't accommodate all its people, move over a few feet and build another one parallel to it.

If you run into the problem of New York running into Baltimore or Abilene running into Hamlin, that's another problem but it won't be any worse than inflation or the Mid-East.

Yours faithfully,  
J. A.

## NEWS FROM OLD GLORY

By BERNICE D. WHITE

Strange as it may sound, what this community needs now is sunshine so farmers can gather cotton that is mostly still in the fields and finish sowing grain.

Basketball games scheduled for the weekend and on into next week include the high school teams, to meet Guthrie here Friday, Nov. 15 and then Tuesday, Nov. 19, Megargel will be here. The junior high teams will be playing in the O'Brien tournament Nov. 18 and 23. Russell Letz was recently chosen homecoming king at New Mexico State University where he is a student. He is the son of Mr. and Mrs. Ed Letz. He is a 1972 graduate of Old Glory High School, where he was valedictorian of his class, and was also named all-state in basketball and tennis.

Mr. and Mrs. W. H. Vahlenkamp attended the funeral of Tony Lowack, a cousin of Mrs. Vahlenkamp, at Archer City Monday of last week.

Many in the community were saddened last week to learn of the death of one of our former residents, Mrs. Ella Wendeborn of Stamford.

The Wendeborns lived here for many years and reared their family here. A son Billy still lives here, a daughter

Mrs. Gladys Frances now lives in Stamford.

Mrs. Mozelle Ferguson and Mrs. Bertha Perkins, both of Lamesa, stopped by to visit with Mrs. Katie Gerloff one day last week.

Mr. and Mrs. Loy Garner, Jana and Julie, of Abilene spent last weekend here visiting their parents, Mr. and Mrs. Morris Garner.

Mr. and Mrs. Morris Garner visited in Rule Wednesday of last week in the home of Mr. and Mrs. John Duncan.

Paul Garrett of Abilene, part-time minister at the Old Glory Church of Christ, was a dinner guest in the home of Mr. and Mrs. Derrell Sawyers Sunday.

**FEW BLACKS HIRED** — A Dallas legislator has complained that 54 state agencies (most of them small) have no black employees.

Rep. Paul Ragsdale of Dallas, a black, said only one agency has more than 10 per cent black employees. That is the Department of Mental Health and Mental Retardation.

Compared with a state population which is 12 per cent black, there are fewer than nine per cent black state employees, and only two per cent hold state jobs which pay \$10,000 or more annually.

Ragsdale said Texas population is 18 per cent Mexican-American, but only 11.6 per cent of state jobs are held by Mexican-Americans.

**SPEED CHECK URGED** — Department of Public Safety Director Wilson E. Speir has urged Texas drivers "to make a greater effort to observe the 55 miles per hour speed limit."

Speir said surveys indicated more than 60 per cent of all vehicles are exceeding the limit, including trucks. Speeding arrests are doubling this year, and DPS officers are concentrating on unsafe driving practices by commercial operators. Speir said the truckers frequently radio each other warning of law enforcement efforts.

**SHORT SNOTS** Drought-hit Baylor and Borden counties have been designated disaster areas.

Larry F. Yorn resigned as first assistant Texas attorney general to return to Houston law practice.

Joe H. Golman of Dallas is chairman of the Texas Cosmetology Commission.

Gov. Briscoe asked disaster area declarations for Anderson, Bell, Cook, El Paso, Hill, Hopkins, Limestone, McLennan, Parker, Palo Pinto, Sutton, Val Verde and Williamson counties due to rains, windstorms and tornadoes.

## STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams

AUSTIN—Atty. Gen. John Hill, viewed as a likely gubernatorial candidate in 1978, emerged from the November 5 general election as the top statewide Democratic vote-getter.

While all the statewide incumbent Democrats won landslide victories over Republicans and minor party candidates, Gov. Dolph Briscoe ran last on the ticket.

But last was good for 62 per cent of the total vote cast in the governor's race (nearly a million) and an apparent sweep of all but five counties by the governor.

Hill was followed closely by Land Commissioner Bob Armstrong in the vote-getting statistics.

While the attorney general received more than 74 per cent of the votes over two opponents, Armstrong was less than a percentage point behind.

All but two of the statewide Democratic contenders topped well over one million votes, and most had more than 70 per cent of their contest totals.

Treasurer Jesse James ran down the list and just ahead of Briscoe, but he still managed to finish with 64.7 per cent in his race.

The turnout of just over 1.6 million was, percentage-wise, perhaps the worst in recent Texas history—about 31 per cent.

While there were only 1.4 million votes in the 1966 general election and 1.5 million in 1962, there were far fewer than the present 5.4 million registered voters then.

**GOP HOPEFUL** — Republicans, in spite of the drubbing they took in statewide elections, already are talking hopefully about rebuilding for the future.

GOP Chairman Jack Warren of Tyler said the state party will be zeroing in on 1976 legislative races and looking for a strong U.S. Senate candidate to challenge for Sen. Lloyd Bentsen's seat. GOPs from Texas will also want to have a say in the next big presidential effort, Warren emphasized.

There were bright spots in the darkness for the Republicans this year, Warren noted. He pointed to victories of Jon Lindsay for Harris County judge, John Whittington's upset of longtime Dallas County Judge Lew Sterrett and Nathan White's victory for the Collin County judgeship. The party had a net loss of one congressional seat (U.S. Rep. Bob Price in Panhandle-North Texas district 13) and two state House of Representatives places in the November 5 general election.

**ONE PRIMARY LESS** — Raza Unida Party, which held its first primary this year,

won't be conducting any more in the near future.

Under new election law, parties which receive two to 20 per cent of the vote for governor must nominate in conventions. Raza Unida falls in this bracket, with about a six per cent showing November 5.

Only Democrats and Republicans will nominate in primaries next time out, since both received more than 20 per cent of the gubernatorial vote.

The American Party and Socialist Workers Party, if they get on the next ballot, will have to submit about 16,000 signatures on petitions. They needed 34,000 signers to qualify this year.

**COURTS SPEAK** — The Court of Criminal Appeals refused to reconsider its September 24 decision upholding convictions of former House Speaker Gus Mutscher and two aides for conspiracy to take a bribe.

The high court reversed and directed new trial for a Houston woman convicted of slaying her husband.

In another husband-killing case, the same court affirmed the 20-year sentence given a Dallas housewife.

The State Supreme Court ruled in favor of the state in a tax case involving liquor served by a Taylor County country club.

**AG OPINIONS**—Atty. Gen. John Hill held material supporting the agenda of the University of Texas Board of Regents meeting is public information insofar as it reflects factual matters.

In other recent opinions, Hill concluded:

• A grand jury has no authority to employ aides to investigate crimes.

• A bail bond board may consider felony convictions of applicants for a bail bond license in passing on their eligibility.

• A city mail carrier is eligible to run for city council.

• A traffic safety film produced by Texas Education Agency can be reproduced and distributed by a private concern for profit.

**CONFERENCE SET**—A national conference on economic problems and energy consumption forecasts is set here November 14-15.

Economists and mathematicians from over the nation will meet to discuss mathe-

matical techniques used in economic analyses, supply and demand forecasting, governmental program planning and constraints on development.

The governor's office is host for the conference. The session will produce papers and reports to help state and federal government analysts in evaluating modeling and

analytic techniques and data requirements.

Cigarette tax revenues increased \$539,756 last month over October 1974, to \$21.96 million.

**Child Care Center Says Thank You**

Dear Bob,

We would like to take this means to say "Thank you" to the individuals, clubs, organizations and Retail Businesses who contributed time, money, prizes and gifts to help make our City-Wide Carnival for the Child Care Center successful. To those who came out on a less than perfect evening to join in the festivities and participate in the fund raising, to each one we say thank you. These people who contributed so much are certainly appreciated.

We now have thirty full time children being cared for in the Center. We have a staff of six full time employees. The children being cared for are from homes of working parents, or parents seeking employment or parents furthering their education.

This is a community service that has been needed in Hamlin for a long time. It is licensed by the state. It is operated under government regulations. There will always be a need for extra money to keep the Center in operation and make it better.

Yours truly,  
Peggy Bonds

**BULLS HIS WAY**—Fullback Steve Evans (31) bulls his way through a gang of Stamford tacklers for extra yards Friday evening. He carried the ball 24 times for 143 yards with most of it coming on five to 10-yard smashes up the middle. (Photo by Tim Jones)

# Pipers Take Early Lead To Down Stamford, 41-7

The Pied Pipers blasted their way to three first quarter touchdowns and then coasted to a 41-7 win over the hapless Stamford Bulldogs to take one more big step at Stamford Friday night on their way to the playoffs.

Hamlin's All-State running back, Johnny Jones, held scoreless the past three weeks, exploded for four touchdowns and rushed for 211 yards in 19 carries. Halfback Daniel Willis picked up the other two touchdowns and picked up 108 yards in 13 tries. Fullback Steve Evans joined Jones and Willis in going over the 100 yard mark with 143 yards in 24 carries as the Pipers racked up 531 yards on the ground. Jones raised his season rushing total to 1,397 yards in 167 carries for an average of 8.4 yards per trip. He has scored 86 points in the nine games. The night's work brought his career rushing total to 5,574 yards in 40 games—over three miles. Since starting as a freshman, Jones has carried the ball 636 times for an average of 8.8 yards per try and an average of 139 yards per game. He has scored 404 points in the 40 games.

Hamlin received the opening kickoff with William Brown returning it to the Hamlin 25. Jones carried for 11 and five yards and then Russell May picked up six more. Willis took the option pitch and raced 23 yards to the Stamford 31 and then Jones took the pitch from Tracy Rowland and raced in for the score. Rowland kicked the point after.

Stamford failed to gain a first down and punted out to the 50. The Pipers drew a penalty back to the 39, but it just took Willis one play to pick the yardage back up as he carried for 22 yards and a first down at the Stamford 39. Evans gained 10 and then Jones carried for 22 yards to the seven. Willis raced around his left end for the score on the next play. Rowland again added the point after.

Stamford failed to make a first down again and punted out to the Hamlin 37. It took the Pipers 11 plays to go the 63 yards for their third touchdown of the night with Willis scoring this one from the one with 40 seconds left in the first period.

Again the Bulldogs failed to gain a first down and punted to the Piper 16. The Pipers picked up four first downs on the running of Evans and Willis and a pass from Rowland to Brown for a first down at the Stamford 39. But the Pipers lost nine yards at this point and were five yards short of a first down at the 34. The Pipers got the ball back on the next play however when Rick Craig recovered Don Earl's fumble at the 36. The Pipers were set back 15 yards on a penalty and on third down Tony

Rosas intercepted a Rowland pass at the Stamford 17. The Bulldogs took to the air and picked up two first downs before Oscar Marshall intercepted a Bulldog pass at his own 38.

The Pipers drove down to the Bulldog 17 on the running of Willis, Evans and Jones, but had to give up the ball when they ran out of downs. Earl picked up a first down for the Bulldogs at the 33, but Allen Young recovered a Bulldog fumble back on the Stamford 23.

With just seconds left in the first half, Jones broke tackle after tackle to fight his way into the endzone for the fourth Piper score. Rowland kicked the point after with one second left on the clock. Stamford took the second half kickoff and returned it to the Bulldog 17 but failed to make a first and punted out to their 43. The Pipers, on the running of Evans and Jones moved to the Stamford 17, but then lost 19 yards on a fumbled pitch and then gave up the football two plays later on a fumble.

Stamford picked up two first downs out to the Hamlin 40 on two pass plays before Jones took the ball away from Stamford's wouldbe receiver, Stephen Paul Mays, and returned it to the Hamlin 31.

Jones and Evans combined to drive the ball 69 yards in seven plays with Jones scoring from the four. Jones ripped off 33 yards for the big gainer of the drive. Rowland again added the point after.

Willis stopped the Bulldogs on the next series as he picked off a Stamford pass and returned it 25 yards to the Stamford 15. A mixup cost the Pipers a yard loss and then Evans carried three times but was a yard short of a first down at the five.

The Bulldogs were forced to punt again when they failed to make a first down and the Pipers took over at the Stamford 38. Willis reeled off 24 yards for a first down at the 18, but the Bulldogs picked off Paul Reynolds' pass on the next play.

The Bulldogs put their lone score on the board on this series as Quarterback Bryon Tabor, facing third down and six, broke loose and out ran the Piper secondary for 59 yards and the score. James Bunkley kicked the point after to the cut the Piper lead to 35-7.

The Pipers came back following the kickoff and drove 59 yards in eight plays for a touchdown. Jones,

Willis, Evans and Rowland all took part in the drive as they marched for four first downs with Jones scoring from the 10 on the option. Rowland missed the point after to make the score 41-7. Brown intercepted a Bulldog pass to kill a Bulldog threat when they completed a 60-yard pass to the Hamlin 8, but the Pipers fumbled the ball back to the Bulldogs six plays later at the Hamlin 41. Raymond Jordan got the ball back again for the Pipers as he recovered a fumble at the Hamlin 36.

At this point everyone seemed to get into the act as Eddie Rivera was dropped for a three-yard loss, Gary Neal carried for three, Gerry Young for eight and the Bulldogs drew a 15-yard penalty. Ray Sonnenburg carried for five and then Luke Reynolds picked up a yard as the game ended.

## NATURAL GAS For Years To Come

With all the talk about conservation, many might believe that we have only enough natural gas for a few tomorrows. We'd like to assure our residential and other high priority customers that Lone Star has an adequate supply. Not only for the present, but for years to come.

We were actively engaged in exploration programs long before the energy crisis. And since the crisis, we're exploring even harder to insure your continued supply of natural gas.

Conservation is one way to extend the supplies we now have on hand. And they can last much longer by avoiding wasteful uses of energy. By making it last longer, more time is allowed for new forms of energy to be developed.

Of course new supplies are going to cost more. But natural gas is still the best buy for your energy dollar!

Conserve natural gas. Conservation will help keep the cost as low as possible.
